New Yorkers warm to EVERY WEEK

It melted from the news-stands like snow in May

Up to 5 P. M. Monday afternoon 204,492 copies of EVERY WEEK had been sold in Greater New York alone.

That is a good many for the first issue of a new publication. In fact, it breaks all records in the magazine field for the past 40 years.

Thousands of late buyers simply could not get a copy of EVERY WEEK for love or money.

While the coming edition will be much larger we recommend placing your order with your newsdealer today on your way home - tomorrow at the latest.

In addition to its new, crisp thought-provoking articles and real pictures the next issue of EVERY WEEK starts you guessing "Who was Marie Dupont?"- the great mystery serial of the year.

"Quick reading for busy people—and not a line of trash" is the principle on which EVERY WEEK made good right from the start.
